

PETITION

14-A

WB #

TO THE MANAGEMENT:

We, the undersigned, hereby protest your decision or lack thereof which is resulting in your establishment not offering WORK beer. This condition is unacceptable, because unlike those offbeat brands that are imported from places like Milwaukee, Wisconsin or St. Louis, Missouri, WORK beer is brewed locally, right here in good old hardworking Richmond, Virginia. All you have to do is call Brown Distributing at (804) 266-7645 and they'll deliver fresh WORK beer right to your backdoor. If you choose to ignore this petition, we are prepared to uh, well we haven't actually thought that part out yet, but please start selling WORK beer anyway, because that would be really great.
